

New Series of Stock in Narberth B.&L. Will Open Next Thursday Evening

LOCAL ASSOCIATION TO ISSUE ITS THIRTY-SECOND SERIES—ORGANIZATION HAS FINE RECORD OF SERVICE TO COMMUNITY—MORE THAN QUARTER OF A MILLION DOLLARS PAID TO STOCKHOLDERS IN FOURTEEN AND ONE HALF YEARS

The Narberth Building and Loan Association is sending out blotters this week which will be delivered to every home in Narberth, calling attention to the new Thirty-second Series which will open Thursday evening, Sept. 1, at Elm Hall, from 7:30 to 9:00, when new shares can be taken out in either the short or long term series.

This Association is now fourteen and a half years old and during that time has matured 1,175½ shares or paid to its stockholders up to this date \$235,100.

Assets Close to Half Million

The assets of the Association are over \$450,000, consisting principally of mortgages on Narberth properties, and these mortgages have all been granted after a Committee of three of the Directors have carefully examined the property and approved the application for a loan, and which has also been approved by the entire Board of Directors before it was granted.

The Narberth Building and Loan Association is composed of men and women who save together by putting away each month into their own Treasury a definite sum known as "dues." This money is then loaned to some of the stockholders on real estate security or on the security of their own stock, and the interest secured and collected monthly from the members who borrow the money also goes into their own Treasury and is held for the benefit of all of the members of the Association.

When the dues paid in and the interest earned on same amount to \$200 a share, the stock matures and in this Association in the long term series it takes eleven years and four months, or in other words by paying one dollar each month until you have paid \$136, the stock matures and you are paid \$200 a share, a clean profit of \$64 for each share you hold.

Long and Short Term Series

The Narberth Building and Loan Association has 8,104 shares in force, which means a payment of \$8,104, which, together with the interest, fines and the amounts paid off by borrowers, makes the receipts of the Association from \$10,000 to \$15,000 a month, so that each month there is money available to loan on good mortgages to home buyers.

The short term series benefits in the earnings to the same extent as the long term, and by paying in two dollars a share each month in place of one dollar, as in the long term, the stock matures in a little more than half the time, and for any one who is using a Building and Loan Association to ac-

Narberth in Tie For First Place

LOCAL BASEBALL CLUB IN HOT RACE IN MAIN LINE LEAGUE—PLAY ARDMORE TODAY.

Our Narberth baseball club and four of the other nines—Ardmore, Berwyn, Highland Park and Wayne, are all tied for first place in the Main Line League race, as the result of last Saturday's games.

Narberth had been in fifth place, but the decisive victory over Bryn Mawr, and Berwyn's victory over Ardmore, and Wayne's defeat of Highland Park, created the unique situation of five of the League's clubs being tied for first place.

Today Narberth plays Ardmore, at Ardmore, and here's good luck to our home town team. The present tie for leadership will be broken, and the Narberth boys will do their best to make the "break" come our way.

Community Club to Meet on October 11

LUNCHEON TO OPEN FALL AND WINTER SEASON ON THAT DATE—SPECIAL SPEAKERS ENGAGED

There is a hint of autumn in the air. The various committees of the Women's Community Club are busy planning the winter's work for the organization and everywhere there is evidence of eager interest in the work and play of the coming season.

Tuesday, October 11th, is the time set for the opening luncheon. The announcement is made thus early in order that members may reserve the date. Speakers were engaged for this occasion as early as last June. The program is most attractive, and this promises to be, what each in succession has been before, the Club's most delightful luncheon.

The winter programs are scheduled, but with some elasticity, and the President would be glad to learn if there is any subject which members of the Club particularly wish to see included in the year's work. Address such requests to 105 Chestnut Avenue.

The usual musical and literary activities will be resumed and names are already being enrolled for the Fall Millinery Class.

The officers, and chairmen of the various committees selected to date, for the coming season are:

Officers.

President—Mrs. E. C. Batchelor.
First Vice President—Mrs. Clarence Fowler.
Second Vice President—Mrs. A. B. Ross.
Treasurer—Mrs. Harold Fenno.
Recording Secretary—Mrs. Walker Owen.
Corresponding Secretary—Mrs. E. A. Muschamp.

Chairmen

Literature—Mrs. Robert F. Wood.
Legislation—Mrs. Ward W. Pierson.
Music—Mrs. Joseph Barclay.
Press—Mrs. Harry Jacobs.
Junior—Mrs. Horace Moore.
Finance—Mrs. Edwin Cockrill.
Membership—Mrs. George Gilpin, Jr.

FALL ARBOR DAY, OCTOBER 28.

Dr. Thomas E. Finegan, State Superintendent of Public Instruction, has announced that, after a conference with the Governor, it has been decided that the fall Arbor Day and Bird Day should be observed on Friday, October 28. In due time a proclamation will be issued by the Governor and a program prepared by the Department of Public Instruction. Commissioner of Forestry Gifford Pinchot has been requested to assist in outlining the program to be observed throughout the State.

MATCHES WILL START PROMPTLY AT TWO O'CLOCK—PLAYING ALL OF LABOR DAY—ENTRIES CLOSE AT 6 P. M. NEXT FRIDAY—ASSOCIATION EXTENDS INVITATION TO ALL TENNIS FANS TO WITNESS GAMES

The annual Labor Day Tournament of the Narberth Tennis Association starts next Saturday afternoon, September 3rd, on the new courts at Haverford and Montgomery avenues.

Playing will start promptly at 2 o'clock, and matches will be scheduled for all Labor Day, Monday the fifth, beginning at 9 A. M.

Entries Close Friday Next

Entries must be in the hands of the Tournament Committee by 6 P. M., next Friday, September 2. The members of this Committee are Robert E. Pattison, Jr., chairman, W. J. Kirkpatrick and A. T. Grigau. The entrance fee for each player, in each event, is seventy-five cents, except for the Juniors' Singles and Doubles, which is fifty cents for each player in each event. The Juniors' matches probably will not start until after Labor Day.

The events scheduled in the Seniors' Tournaments are:

Singles, and Consolation Singles.
Doubles, and Consolation Doubles.
Ladies' Singles.
Ladies' Doubles.
Mixed Doubles.
Juniors' Singles.
Juniors' Doubles.

In the first rounds of the various tournaments, the Tournament Committee will probably use all the courts for tournament matches, but ample provision will be made for the members who are eliminated in the early rounds, so that they will have plenty of opportunity to play throughout the tournament.

Members who have not yet entered the various tournaments are urged to get in touch with Chairman Pattison or one of the other members of the Committee immediately, and not wait until the last thing Friday afternoon. The drawings for the Men's Singles and Doubles will be made Friday night, and everything will be ready to start the first matches promptly at 2 o'clock on Saturday afternoon.

LANDS BIG FISH

While on his vacation in Maryland last week, Mr. Nathan Montgomery, of Penshurst Farm, landed a rock fish weighing eighteen pounds. Mr. Montgomery is a native of Maryland and has done considerable fishing in the Susquehanna River, and his latest catch is said to be one of the largest "rocks" taken from that river in several years.

Mr. Doremus Brownback, who accompanied Mr. Montgomery on the trip, also hooked a monster fish but he got away. But such things will happen with the best of fishermen.

Editorial

The calendar says "August 27," but the tang of Autumn is in the air.

How are your dahlias coming along? Don't forget the Fall Flower Show on September 24.

"When a feller needs a friend"—school opens Tuesday, September 6.

Well, we won't have to cut the lawn many more times, and that's some consolation, even if the amateur prophets say it will be an "old fashioned winter."

Annual Labor Day Tournament of the Narberth Tennis Association starts next Saturday afternoon, September 3. The new courts of the Association are certainly a credit to the town.

Our efficient young ladies at the Post Office say they certainly will appreciate it if those of our men folks who call at the Post Office for their mail, will be so kind as to blow the smoke of their cigar, cigarette and pipe in almost any direction but right through the window.

The Women's Community Club has done many worth while things in and for Narberth, but none of their achievements is more deserving of public praise and commendation than their rejuvenation of the Narberth Library. The very newest and best books are available to the public and every effort is made to give Narberth efficient library service.

WE THANK YOU

The splendid response in the last few weeks to our request for news material has been indeed gratifying. Each week we have received dozens of letters with one or more Fireside items, many from folks who have hitherto sent in no material.

This excellent spirit of co-operation has been, in a large measure, responsible for the fact that "Our Town" has been enabled to run uninterrupted through August, for the first time in several years. The many personal items during the last month or so, have made

the Fireside larger than any time in the history of the paper.

A chain is no stronger than its weakest link, and a community paper only reflects the interest of its friends. We assure our readers of our appreciation of this helpful co-operation, which gives promise of a larger and increasingly interesting paper in the future.

WHAT IS NEWS?

The New York Times' news policy is "all the news that's fit to print," but Our Town has a news policy that is somewhat different. We believe that everything that happens or is scheduled to happen, a knowledge of which would be beneficial to Narberth and Narberth people, is news—and news of the first importance.

In this connection we call your attention to the first-page news article about the new series of stock to be issued by the Narberth Building and Loan Association. That article was put on the first page because, in our opinion, it deals with a subject that is of vital importance to our Borough and our people. The Association is a mutual organization, has been a big factor in helping many people acquire and build their homes, and has helped our residents in their businesses and in saving their moneys for various purposes. In other words, we regard B. & L. news as genuine news—constructive news, and quite as important as some of the more dramatic happenings of the day.

Communications

To the Editor of Our Town:

Would it not be a good thing to cause the arrest of some of the truck drivers who drive through Narberth as though traffic and speed regulations did not exist? I mean more particularly the delivery trucks of the large Philadelphia stores. They evince a criminal carelessness for the rights of the other fellow.

RESIDENT.

THE SPARROW CONTROVERSY RAGES

To the Editor of Our Town:

"Lifelong investigation by the greatest naturalist has shown that, to a larger extent, the English sparrow tends to replace other species of birds around our homes," is opening paragraphs on page 4, August 20th issue of Our Town.

Now, my dear sir, let me issue a direct challenge to you to substantiate this particular charge. Please, oh please print the name of the naturalist, and the occasion on which or for which he or she (the naturalist) made such a charge and the medium of communication.

Let me tell you something of the history of the origin of some of the reports and the psychology of these reports. In the first place, most of them are made (the reports) by persons not specially trained as observers, and are the outcome of a DEMAND and not the spontaneous contribution to science that your denunciation of the sparrow would lead one to believe.

After the sparrow had been imported into this country and released, for the purpose of assisting in the destruction of certain moths, the larvae of which were very destructive of leaf life of trees, mainly in New England, it was found that they (the sparrows) were not particularly fond of this form of food. It is quite natural that the people responsible for the importation were disappointed and you may rest assured were abundantly joshed by the neighbors. Then began the demand for sparrow killing.

"You must know that the ordinary employe of an agricultural station is the undergraduate of the college or school of which the station is a part. Our agricultural expert receives a demand for ideas, a demand for methods and means to kill off this awful something, which some one carelessly thrust upon us with the idea of helping us, but in reality resulting in injuring us, and Mr. Agricultural Expert fills on order. He prints a bulletin and pays his bill at public expense. Now someone higher up see this bulletin and wants to know the reason why. So Mr. Agricultural Expert again gets busy and tells us why, all of which is wonderfully built up from a swivel chair in some forbidding town, into which the sun never shines and from which grass and shrubs and trees entirely are invisible.

To go back to the names of the

naturalist, I believe you will admit the name of the late John Burroughs as that of a naturalist. Please quote his opinion and observation on the English sparrow. The late lamented Col. Theodore Roosevelt was an amateur observer of no mean worth—what does he say of them?

The much lamented Neltze Blanchan, the Bird Editor of Nature Library (Doubleday, Page & Co.), a man of heart an agriculturalist of no mean attainment, a city and town man of accomplishment, and an artist—consult him. Also consult John Breck of California.

What does all this talk about birds nesting around our homes come from? It has its origin not in a possible condition, but in the wish that it might be so. I have told you several times that we have all the birds of all the varieties that we ever had, and in undiminished numbers, and one has dared to contradict me. I have great respect and sympathy for the good people who crave the company of our feathered neighbors, but why cry for the moon. Blue birds, orioles, finches and the various wild canaries never did nest in our porches and never will; they are suspicious and shy of us. Teach the good people how to hide bird boxes in inviting but seemingly inaccessible places, and teach them to keep the cat in proper bounds, and you will teach them how to have bird neighbors, and at the same time they will worry less about the sparrow and his supposed denigration.

With all this question might arise, Is the sparrow useful?

We are an eminently materialistic people. So I will answer the materialist first. I sat on my porch at Ocean City, N. J., overlooking my garden for say twenty days or parts of days in succession, and watched the movements of a pair of English sparrows, while they were busily engaged in feeding there. To observe their quick restless ever alert movements was constant occupation for one so minded. It seemed to me that they were there for bugs, eggs and larvae, but how was I to know because of their evil reputation, and were listed as of "no account" to the gardener. After such time as was needful for the growth and independence of the young of this pair, I caused one of them to be shot, and examined the stomach of the "poor suffering for knowledge's sake." I was not at all astonished to find a variety of entomological material in that bird's stomach, running from the eggs of the common Colorado beetle to female ants, and we counted twenty different substances.

Not contented with my own experience, I wrote farmer and gardener friends in several widely scattered sections of this blessed country of ours and delightfully found that they had had similar experiences, and from them dates my defence of the much maligned but friendly birds.

Now as to authentic side of the defense. Sparrows as an object on the landscape are pleasing to the eye, they are symmetrical. Sparrows are joyous. Sparrows are with us all the year.

In conclusion, let me thank you for the courtesy you have shown me in so patiently bearing with me, and also allow me to express my admiration for you in that you have been able to decipher my awful scrawl. It has seldom been my pleasure to have a publisher who was able to read my copy without help.

Respectfully,
F. W. E. STEDEM.

To the Editor of Our Town:

My little suggestion a few weeks ago that the sparrow enthusiast raise them for his own edification has been taken by one of your correspondents to mean that some particular sparrow lover was referred to. Far from it. My only thought in connection with this was that as nearly everyone is doing his best to wipe out the pest, the few bird lovers that can tolerate them should confine their interest in this species to some point where they will not interfere with others' attempts to keep them from their own property.

I have been very much interested in the original series of articles in the Garden Column (by C. D. E.) on the economic value of birds, and the sparrow evil. In the face of the accuracy of this series of articles, I cannot understand the constant demand of the opponent of this movement, for facts.

DEATH OF MISS MARY FOLEY SHOCK TO HER MANY FRIENDS

Miss Mary A. Foley died on Tuesday at her home, 102 Elmwood avenue. She had been ill for several months from a complication of diseases, never having fully recovered from an illness which she suffered last spring while returning from a trip to Bermuda.

The funeral will be held this morning at 10 o'clock, with Solemn Requiem Mass, at St. Margaret's Church, of which Miss Foley was a member. Interment will be made at Holy Cross Cemetery.

Miss Foley has been a resident of Narberth for several years. She held a responsible executive position with the F. Wallis Armstrong Advertising Agency in Philadelphia, and was regarded as one of the most capable women in the advertising profession. Her death came as a great shock to her many friends. She is survived by her mother and sister.

Communications

(Continued from Page 2.)

The series of articles was a remarkably well gotten together collection of facts.

And in reply to the statements in Mr. Stedem's letter of last week, I think it is evident that—

First—The case against the English sparrow has been established by the lifelong study of trained and enthusiastic investigators. Proofs which disagree with another's views, or even with his own experiences can not in fairness be called ignorant and abusive prejudice.

Second—The statement that all the birds that ever did congregate or mate and nest near man's habitation continue to do so in equal numbers is against the actual experience of thousands of bird lovers throughout the country who have assisted in the investigations of the status of this pest. I know of dozens of persons, neither ignorant nor abusive, who have had their best efforts at attracting valuable birds to their grounds thwarted by these husky immigrants.

Third—Your correspondent in last week's issue quotes my statement that there are over a hundred species of birds in this locality to prove that the sparrow has not driven the birds from our homes. No one ever said, so far as I know, that the English sparrow has reduced the numbers of either individuals or species. The sparrow's danger is the process of replacement, not elimination. If this keeps up we will have the sparrow, and possibly the robin and blackbird about our homes, and be obliged to go deep into the forests to see many of our beautiful natives.

Finally, in answer to Mr. Stedem's plea for first-hand observation, it is evident to anyone who knows anything of research in science of an indefinite nature, such as ornithology, that the observations and opinions of any individual are of very little significance. The conclusions arrived at by the many life-long students of ornithology, as quoted in the articles in the garden column, must carry far more weight than the opinions of any one person, or any group of amateurs.

Vica Versa Twins Are At It Again

BUT "VISA" SAYS HE'S THROUGH WITH "VERSA" AND IS AFTER ONE M'CAHILL—OTHER RATING MATCHES

Well, true to our prediction, the Vica Versa Twins had another setto this past week, and changed places once more in the Rating Tournament of the Narberth Tennis Association.

We refer, of course, to Messrs. Roy Williams and Howard Whitney. When the rating was first posted, Whitney occupied place No. 6. Roy thought that was all wrong and challenged Whitney, and won, and then Roy became No. 6 and Whit dropped down to No. 7. That state of affair didn't last long because Whit felt certain that Roy's victory was the merest matter of chance and to prove that he had the goods, he challenged Roy, and won, and Whit moved up and Roy moved down.

Last Monday they went at it again, and this time Roy won, and the latest reports from the front say that he is holding the fort with both feet and both hands. When seen by a reporter for Our Town, Mr. Williams said:

"You may say for me that if Mr. Whitney desires to play me again, he'll have to make his arrangements with my secretary. My attention is now centered on No. 5, held by a gentleman named McCahill. This Mr. McCahill, I am told, is a very estimable fellow and a very determined player, but we shall see. * * * What's that? (business of swinging around in his swivel chair and addressing office boy) A man named Whitney on the telephone and he says he wants to talk to me? Tell him I'm not in!"

Meanwhile, Mr. Whitney, during the 18 or 20 minutes that he occupied No. 6, tackled this same Mr. McCahill and was defeated in two straight sets, 6-4, 6-3.

Jean Allen won place No. 9 by defeating Pattison, 1-6, 6-2, 6-1. Boryer defeated Town 11-9, 6-0, and then Town turned around and won from Hallowell, 6-3, 5-7, 7-5, the latter match being the result of Hallowell's challenge for a place.

Little continued his upward climb, defeating Muschamp, 6-3, 6-4. E. Warwick defeated Scanlin 6-1, 6-0, and Smedley defeated W. W. Evans 6-4, 6-4.

The above department should be of the greatest use to the community, the list contains the name of every professional man, tradesman, mechanic, shopkeeper, etc., who does or can in any way serve his fellow-townsmen, and who is progressive enough to add name to list of Register.
As it is difficult for those contributing their time and efforts to the production of "Our Town" to personally either know or interview all such, it would be most helpful if those not now found in the printed list would send in a memo of their names, address, phone numbers and businesses or professions for listing. This will cost as follows: 10 cents each issue for 2 lines; 5 cents for each additional line.

Are You Using The Community Library?

NEW BOOKS ADDED AND MORE STANDARD WORKS AVAILABLE—MAGAZINE TABLE IS POPULAR.

Further progress has been made this week on the cataloguing of the books of the Y. M. C. A. library, and within a few weeks the best of the fiction and general literature in the collection will be ready for circulation. About one hundred and fifty of the volumes were prepared for circulation at the opening of the library and have been used constantly. The same system of pockets and cards is used in this collection as in that of the Woman's Community Club, the only difference being in the color of the cards, which while white in the Woman's Community Club Library is buff colored in that of the Y. M. C. A. This makes distinction between the two groups a very simple matter.

Gradually the books of reference are being made accessible for consultation at the library in the cases on the stair landings. Several volumes of the Encyclopedia Britannica are missing. It is assumed that they must have been borrowed by some resident of Narberth and any information concerning these volumes will be appreciated. There are also missing the first volume of Roosevelt's "Winning of the West," and volumes two and four of Short Story Classics. Does anyone know anything about these?

The notice of the exhibit of birds' nests attracted sufficient attention to lead to the gift of other nests for the exhibit, so that in addition to those mentioned in last week's Our Town, there are the nests of a brown thrasher, a wood thrush, a catbird, and an indigo bunting. This latter was taken in to the Academy of Science in Philadelphia for identification, where Dr. Stone easily identified it by the white horse hair lining and the leaves woven into the outer walls.

The magazine table presents an interesting display of current magazines, many of which may be taken home. Contributions of "Good Housekeeping" and "The National Geographic" have been received this week. Everyone is welcome to come into the library on Friday afternoon and evening to enjoy the privilege of reading such magazines as are on the table. Three new books have been added to the library this week, "The Indiscretions of Archie," by P. G. Wodehouse, a humorous story of the adventures of a young Englishman in New York; the poems of Joyce Kilmer, a victim of the World War, who was considered one of the most promising of our young poets, and "Quin," by Alice Hegan Rice.

Baseball

(Continued from Page 1)

Lewis held the hard-hitting Ardmore team to seven widely scattered hits. Black, though striking out thirteen men, was hit hard, McCue leading with a double and two singles.

Ardmore 1 0 0 2 1 0 0 0 0—4
Berwyn 1 0 0 0 0 3 0 0 0 1—5

Highland Park, 8; Wayne, 5.

At Wayne, Pat O'Brien's Highland Park team tied the score in the ninth inning at 5-all on singles by Nass and McMahon and a double by Whitline. In the tenth Wright, the Highland shortstop, with the bases loaded, drove a triple to right field, scoring three runs and beating Wayne, 8 to 5.

Highland Park 2 0 0 0 0 0 0 1 2 3—8
Wayne 0 0 1 0 2 0 0 2 0 0—5

TWO WOMEN ENDORSED FOR SCHOOL BOARD.

Narberth residents will be interested in the fact that two women—Mrs. J. C. Sellers, Jr., of Merion, and Mrs. H. Wilson Moorehouse, of Ardmore—are practically sure of election as members of the School Board of Lower Merion Township at the November election.

Both Mrs. Sellers and Mrs. Moorehouse, who are Republicans, are candidates for nomination on the Republican ticket, and have been endorsed by the Democrats.

ANNUAL TENNIS TOURNAMENT
WILL START NEXT SATURDAY
AFTERNOON, SEPTEMBER 3

(Continued from page 1)

Many Surprises Expected.

The Tournament this year will probably be the best that has ever been held in Narberth. The membership of the Association is larger than ever before, there are a number of new members who have never been seen in local tournaments and who are likely to "upset the dope," and the new courts—seven instead of four as on the old grounds, are fast and will be in the best of shape for the Tournament.

Remember, tennis members, entries for all tournaments close at 6 P. M., next Friday, September 2.

Members and their families and friends, and many other residents of Narberth who are interested in tennis, are urged to remember that the tournament matches start promptly at 2 o'clock, next Saturday afternoon, September 3, and are invited by the Tennis Association to be present and witness the matches. No admission fee will be charged.

THE FIRESIDE

(Continued from Page 1)

Mr. D. W. Steckbeck and family are at Sulphur Springs, Pa.

Mr. and Mrs. Blodgett and family are home from their vacation.

Miss Mary Gara (almost) spent the week-end at Glen Mills, Pa.

Mr. and Mrs. E. S. Haws were in Geigertown, Pa., over the week-end.

George S. Rose has returned to State College.

Dr. Clarence T. Fairies and family have gone to Smyrna, Del., for a month.

Mr. A. R. Bartlett has returned from Ocean City.

Miss Lillian Heron, of Philadelphia, is visiting Miss Ruth Haws, of Dudley avenue.

Mr. Frank H. Engelhart, one of Narberth's letter carriers, will reside after September 1 on Essex avenue.

Mr. and Mrs. Carl F. Schmidt, of Brookhurst avenue, are spending a few weeks in Lebanon Pa.

Mr. and Mrs. Edward Connell have returned to their home on Woodside avenue, after an extended vacation tour through New York state, which included a stop at Saratoga Springs.

Mr. and Mrs. James B. Smith, 110 Avon Road, have been entertaining Mr. George A. Grace, of Oradell, New Jersey, and their niece, Miss Katherine A. Hohn, of River Edge, New Jersey.

Misses Margaret Thelma Fowler, together with their guests, the Misses Lois Biles and Georgianna Somel, of

Manhattan, and Miss Lillian Redifer, motored to Rehoboth Beach, Delaware, this past week where they were guests at the cottage of Mrs. A. Reed, also of Narberth.

Mr. and Mrs. Henry Rose, Mr. and Mrs. C. Howard McCarter, and Mr. Charles McCarter, motored down to Maryland Friday for a two days' visit and fishing trip. They will be the guests of Mr. and Mrs. Charles Humphreys, formerly of Narberth, at the Humphreys' farm.

Miss Maizie J. Simpson and Mr. and Mrs. William S. Horner left this week for Vermont, where they will spend several weeks as the guests of Mr. and Mrs. Arthur Cole, formerly of Narberth. The Cole farm "Homewood" is on Ames Hill, six miles "up" from Brattleboro, and overlooks the Connecticut Valley.

William J. Kirkpatrick was given a birthday surprise party by a group of friends last Monday night, at his home on Essex avenue. In addition to Mr. and Mrs. Kirkpatrick, the party included Mr. and Mrs. Robert Cameron, Mr. and Mrs. William B. Goodall, Mr. and Mrs. H. D. Fenno, Mr. and Mrs. Carl Grace, and Mr. and Mrs. Arthur Staples.

Miss Ruth Helen Diamond, daughter of John S. Diamond, of Woodside avenue, and one of Narberth's most popular young ladies, will be married next Tuesday to Mr. John W. Stapleton, of Philadelphia. The ceremony will be performed by Rev. R. F. Cowley, at St. Margaret's Church, at 10 A. M., and will be followed by a wedding breakfast and reception at the bride's home at 113 Woodside avenue. Upon their return from their honeymoon, Mr. Stapleton and his bride will reside in Tioga.

and Loan stock is to take out new shares in every series which are issued every six months, so that when the stock starts to mature you have an assured income for as long a period as you desire.

Of Special Interest to New Residents

Any of the Directors will be glad to explain the Building and Loan idea, and to arrange for you to become a stockholder in the new series, if it will be impossible for you to attend to the matter yourself on September 1st, and the new residents of Narberth are especially invited to take out stock in the new series, as this Association has been well managed. Its earnings for last year were 8.3%. Its Board of Directors attend the monthly meetings and take pride in keeping the Association up to the high standard which was set by its originators, and we feel certain that your money will be safely invested and can be withdrawn at any time that you see fit.

Remember, Thursday, September 1st, in the evening from 7.30 to 9.00, at Elm Hall.

"Ouija! What's the good word?"

MY YOUNG sister.
HAS A Ouija board.
AND SHE believes it.
AND TALKS to Noah.
AND I think she talks.
TO HER best fellow.
WHO'S DEAD but doesn't know it.
AND I used to give her.
THE LOUD, rude laugh.
BUT I'M sorry now.
BECAUSE LAST night.
I WAS home alone.
SO I got the board.
AND PUT in a call.
FOR JOHN Barleycorn.
AND OTHER departed spirits.
BUT THE line was busy.
FOR NOTHING happened.
THEN I cheated a little.
AND IT spelled this.
"GRAMMASHOTTA SEVEN."

SO I shut off quick.
TO HEAD off any.
FURTHER FAMILY scandal.
THEN I stopped to smoke.
A CIGARETTE.
AND AFTER a while.
I CRANKED up weejee.
AND ALL of a sudden.
IT STARTED off.
AND QUICK as a flash.
IT SAID something.
"THEY SATISFY."

"SATISFY"—that's the good word. Just light up a Chesterfield and see what experts can do with fine Turkish and Domestic tobaccos when they blend them in that can't-be-faked Chesterfield way. You'll say "they satisfy."
